And I don't feel 2 A I know for sure that was what the problem was, and I 3 like they did the proper test and I don't feel like 3 feel like if I would have diagnosed it back then, then 4 they did the proper care. They, like, rushed me out. 4 it wouldn't have got as bad. But I definitely went 5 And I told them that -- they wanted me to 5 there and made them aware. And that's why I had a 6 take some medicine and I told them I couldn't take 6 problem with -- it was, like -- I'm, like, it's more wrong with me. And they, like, "Ah, you're okay. They had 9 called the security officer and the supervisor just to 9 0 So you would agree, then, that the problems that you ultimately ended up having when you became 10 okay me to get some crackers that day. Abdominal pain, yes. And that's why I was 4 back then? Α 4 5 upset, because I felt like they didn't do anything for 5 Α No. I wasn't needing treatment. I didn't have a me. They just gave me an IV and started to discharge fistula back then in 2014. I got treated for a 6 6 7 me. Then she tried to give me some medicine before 7 fistula and a colostomy reversal. 8 I'm discharged. I'm, like, I can't take it. I 8 Q You testified a short while ago that you believe that 9 9 this is what caused your fistula to be worse when you haven't eaten anything. It was basically, like, pack 10 up, you got to go. I felt like they were rushing me 10 11 out of the hospital before I got my treatment. And No. That's what caused the cramping to be worse, by 11 Α 12 that's what that was about. 12 me not originally getting diagnosed with 13 0 So that you would agree that the -- you mentioned 13 diverticulitis. earlier you think this was the beginning of when your 14 14 O So you had a diverticulitis problem prior to going 15 fistula started or at least --15 into the jail system; correct? 16 Α No, it was no fistula. That was cramping. 16 A I'm not sure, but I believe that that's what I had. So this was a sign of the problem that you ultimately I'm not sure. I can't tell you for sure, but I 17 17 ended up having after you became incarcerated; right? believe that's what I had. 18 18 19 A Yes. 19 O Okay. And you believe that if they had done more

Does that sound right? 9 Α Yeah, yeah. It was like --10 A No, it doesn't. What happened was, when I would go 10 O I don't want to -- if you keep -- so the question is 11 down there they wouldn't have my supplies so they 11 off the table at that point. 12 would give me anything they had in the back and try to 12 A Okay. There you go. 13 make it fit. And that's what they did. And there was 13 You ended up getting into a fight on January the 5th 14 no choice that I had. Once they gave it to me, it 14 or somewhere around January of 2018 at the prison; was, like, they don't have them, so what do I do? 15 15 correct? 16 Either I try this or I try nothing. 16 A Yes, with my bunkie. Yeah, that's what it was. See, 17 Q I have something on -- I have a record on December 11, 17 what happened with that was my bunkie -- I had a lot 2017. This is from the MDOC record, page 1. And it of problems with people everywhere I went because of 18 18 19 says that "The inmate arrived for a scheduled nurse 19 the bag. When I was in prison -- like, guys in the visit to pick up colostomy supplies. He was given the 20 cube -- I was in an eight-man cubicle -- like, when I 20 21 21 usual ConvaTec wafers, however the usual ConvaTec come in and they're first meeting me and they didn't 22 wafers" -- "the usual ConvaTec bags were not available 22 know I have a bag, everything be fine. Then once they 23 at that time so he was given ten of the Hollister bags 23 get to smelling the bag, everybody had a problem with 24 after it was discovered that they fit into the 24 25 ConvaTec flange. He was also given stoma feces paste, 25 I got into, actually, a fight with my Page 122 Page 124 bunkie because he wanted me out and they wouldn't move 1 barrier wipes and adhesive removal while he expressed 1 2 thanks and exited the clinic without incident." Does 2 me. I talked to the counselor, Mr. Wilkinson, about 3 that sound correct? 3 being moved before that, but they wouldn't move me, 4 and my bunkie and I -- you know, we got -- that's how Α Yes. That's the time when I was telling you that the 4 5 bag would come off, because it appeared like it fit, 5 my whole prison stay was. Like, no one wanted me but once you put it on, like, less than, like a couple 6 around when I had that bag. 6 7 7 When I was in the county jail they would minutes it would squeeze itself off and I had to deal 8 8 with that for almost two weeks. The bag came off on clear the whole rock -- everybody out for me to clean 9 9 my bag when I would go to the bathroom. I would have me on the yard and I got feces all over my clothes 10 when I was in the weight pit, and I missed chow. 10 problems with people in the bathroom when I be 11 Because I had to go back to shower -- you know, right 11 cleaning my bag in the stall because the smell of 12 after weight pit I had to shower. I missed chow a 12 it -- it did not smell like feces. It smelled like couple of times, yeah, because of that. 13 the insides of me. It was, like, terrible. Would 13 Okay. Now I've got a follow-up note. That note was 14 make me nauseous. And I'm sure other people, too. 14 O 15 from the 11th of December 2017. Then I have a 15 And my bunkie, he didn't appreciate that. 16 follow-up note from January of 2018, January 5th, and 16 Q After you got into the fight with the inmate, the 17 hospital -- I'm sorry -- the MDOC sent you to the 17 it says that they just received the bags that the 18 patient is asking for from the warehouse. They called emergency room? 18 19 out immediately and gave him a box of pouches. 19 A Uh-huh. 20 Patient was very happy to receive them. Does that 20 O You got treated at the emergency room? The MDOC sent me to the emergency room? No. 21 21 A 22 Α Yes, I was, because I was tired of that bag falling 22 O When you got into a fight -off and getting feces on my clothes. But I thought it 23 A You mean outside of the prison? 23 24 Q Outside of the hospital. 24 had fitted when I first put it on, but it ease itself 25 off. And that's what I was trying to explain to you 25 A No.
